² New affected source: an affected source that the construction or reconstruction of which is begun after the April 24, 2002 **(63.4882(c))**.

³ A title V permit application may be used in lieu of the initial notification, provided that the information specified in 63.9(b) is included, the State has an approved part 70 operating permit program, and the State has received delegation of authority from EPA.

⁴ Applies to all three compliance options: compliant coatings option, emission rate without add-on controls option, and emission rate with add-on controls option.

⁵ A month is defined as a calendar month or a pre-specified period of 28 to 35 days to allow for flexibility in recordkeeping when data are based on a business accounting period.

⁶ Applies to add-on controls option only.

⁷ Performance tests must be performed for each capture system and add-on control device, except for solvent recovery systems. For solvent recovery systems, the first material balance must be initiated.

⁸ See footnote 7.

⁹ The initial compliance period for new sources begins upon startup or May 23, 2003, whichever is later, and ends on June 30, 2003, or the last day of the first full month after startup, whichever is later. **(63.4940, 63.4950, or 63.4960(a)(3) and (b)(3))**.
